

Community Feedback Form

All independent surveys confirm that Surrey Heath is a great place to live, work and enjoy leisure. In Surrey Heath we enjoy an attractive, safe environment with high levels of employment, good standards of health and health care facilities and excellent education opportunities. We want to keep it that way.

We want to know what you think are the most important priorities for local residents, communities, businesses and agencies to work together to address. We have listed some areas below.

Please mark two of these priorities that are most important to you or please add others for us to consider.

Community Priority	Tick two
To live in attractive towns and villages	
To feel safe in our homes and on our streets	
To have good public transport systems available	
To have a good range of leisure facilities and open spaces	
To have safe activities and facilities for young people	
Opportunities for promoting and encouraging good health and an active lifestyle	
Good quality accessible learning for all ages	
Improved traffic flow	
To have safe provision for older people	
Good recycling opportunities in the area	
Affordable housing built to enhance, not crowd communities	
Businesses supported in the area and demonstrating their corporate social responsibilities	

If we have not mentioned something that you feel is important for us to work together on because it is affecting you/your neighbourhood, please tell us about it below. Please be as specific as possible.

Please return the form to jayne.boitoult@surreyheath.gov.uk
