17

Please give details of why you consider the Pre-Submission Local Plan to be **not** sound. Please be as precise as possible.

You must provide an answer to this question.

It is not self consistent. The emphasis on building in the West around the town centre would require good sustainable communications with the rest of the area. However, there are insufficient safe cycle routes from the rest of the area into the west and Camberley town centre particularly and I see no clear evidence in the plan to address this. While there are a few short stretches of safe cycle routes, there are very few inter-linked safe cycle routes across the whole area.

19

Please give details of why you consider the Pre-Submission Local Plan to **not** be compliant with the Duty to Co-operate. Please be as precise as possible.

You must provide an answer to this question.

It is not self consistent. The emphasis on building in the West around the town centre would require good sustainable communications with the rest of the area. However, there are insufficient safe cycle routes from areas identified for development to services outside the area and I see no clear evidence in the plan to address this. For example there is no safe route within the plan to cycle to the main line station at Farnborough.

20

Please set out what modification(s) you consider necessary to make the Pre-Submission Local Plan legally compliant, having regard to the matters you have identified.

(Please note that non-compliance with the Duty to Co-operate is incapable of modification at examination)

You will need to say why each modification will make the Pre-Submission Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

You must provide an answer to this question.

21

Please set out what modification(s) you consider necessary to make the Pre-Submission Local Plan sound, having regard to the matters you have identified.

(Please note that non-compliance with the Duty to Co-operate is incapable of modification at examination)

You will need to say why each modification will make the Pre-Submission Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

You must provide an answer to this question.

Include development of linked safe cycle routes so that sustainable transport is possible throughout the area covered by the plan. Creating further short sections of cycle routes that do not interconnect does not address the requirement.

22

If your representation is seeking a modification to the Pre-Submission Local Plan, do you consider it necessary to participate at the oral part of the examination?

You must provide an answer to this question.

- Yes, I wish to participate at the oral examination.
- No, I do not wish to participate at the oral examination.

23

If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary.

(Please note, the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination. You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.)

You must provide an answer to this question.
